

Ping Pong Vote

Time

5 mins

Resources

- Ping pong balls
- Bowls
- Labels

Outcome

Choose future programme activities

Explain to the colony that they have a choice of activities (either for that particular meeting or for a future one). It's up to them to decide which one they do. They vote by placing their ping pong ball in the bowl labelled with the different activities.

The leader should clearly explain each activity to the beaver so they clearly understand what is on offer to them.

An alternative method could be to decide on which order the activities are run in depending on the amount of votes for each one.
